Bridge of Ships

7,000 Workers Busy

which went to the British Cunard Line. The Southern Dry Dock and Shipbuilding Company has launched one, ship, has five on the ways and contracts for the International Shipbuilding Company has launched eight, has ten on the ways and contracts for thirty-eight more, all for the Italian government, and Ed Weaver & Sons has built one and has one on the ways.

New Type of Vessel Industry Brings Prosperity to

essels already have been sent down at Orange, twenty-four others ready for launching before and contracts have been the first two of these ships, which are classed by authorities as among

mill be ready for faunching before Christmas and contracts have been placed for construction of sixty-one more at the carliest possible date. The tennage of vessels launched, building and contracted for here totals 317,300.

Before the programme is completed here more than 500,000 acres of yellow pine forest will have been laid bare.

The shipbuilding programme brought prosperity to this little town, whose population has nearly doubled since America entered the war. Fifteen months ago the industry was little known or understood here. One or two small yards, located along the banks of 'he sluggish Sabine River, were detoted to repair work on tugs and small lunches.

Then came the call for a "bridge for the Atlantic." Almost overnight the Sasson STICCO HOME.

river banks sprang into life. The ring of axes reverberated through the forests near by. The hum of industry banished the festive alligator from his old haunts and the steel-ribbed skeletons of ships began rising almost in the midst of a widerness.

The shippards now employ approximately 7,000 men, who draw wages totalling \$225,000 weekly. Notwithstanding more than 1,000 homes have been built in cleven months, workmen still are forced to live in improvised shanties and tents, while housing facilities are being increased with all possible speed.

The National Shipbuilding Company of Texas has launched six ships, has eight on the ways and contracts for eighteen more, all for government use, except two of those already launched, which went to the British Cunard Line. The Southern Dry Dock and Shipbuilding Company has favored the not the ways and contracts for five more, all for government account; the International Shipbuilding Company to the ways and contracts for five more, all for government account; the International Shipbuilding Company to the ways and contracts for five more, all for government account; the International Shipbuilding Company to the ways and contracts for five more, all for government account; the International Shipbuilding Company to the ways and contracts for five more, all for government account; the International Shipbuilding Company to the ways and contracts for five more, all for government account; the International Shipbuilding Company to the ways and contracts for five more, all for government account; the International Shipbuilding Company to the ways and contracts for five more, all for government account; the International Shipbuilding Company to the ways and contracts for five more, all for government account; the International Shipbuilding Company to the ways and contracts for five more international Shipbuilding Company to the ways and contracts for five more international Shipbuilding Company to the ways and contracts for five more international Shipbuilding Company to the way
